

What have we been learning?

WB: 15.04.24

Our topic for the half-term is 'mini beasts'. This week the children have been learning to find out what a mini beast is. They have been looking closely at snails to identify the body parts using our focus text 'Snail Trail' by Ruth Brown. We used our small world resources to retell the story.

In math, Reception have been learning to make number bonds to 10. Nursery have been learning to develop their fast recognition of objects up to 5.

How can you help your child with their learning?

Nursery rhyme of the week

Please remember to use your nursery rhyme book each week.

Oats and beans and barley grow
Oats and beans and barley grow
Oats and beans and barley grow

Do you or I or anyone know how oats and beans and barley grow?

First the farmer plants the seeds
Stands up tall and takes his ease
Stamps his feet and claps his hands
And turns around to view his land
Oats and beans and barley grow
Oats and beans and barley grow

Do you or I or anyone know how oats and beans and barley grow?

Then the farmer watches the ground
Watches the sun shine all around
Stamps his feet and claps his hands
And turns around to view his land
Oats and beans and barley grow
Oats and beans and barley grow

Do you or I or anyone know how oats and beans and barley grow?
