

What have we been learning?

WB: 18.03.24

In Science this week we have been learning to know what a vegetable is. The children have been naming and identifying common vegetables. They then followed a recipe to create their own salads.

This week in math we have been ordering the days of the week using the story 'Jasper's Beanstalk'. The children then retold the story using flashcards and language from the story.

How can you help your child with their learning?

I Spy

Reception phonics

Place on the floor three objects such as a cup, peg, bag or hat. Check that your child knows the names of the objects. You say "I spy with my little eye a c-u-p." Then invite your child to say the name of the object and hold it up.

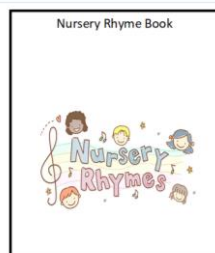

Maths

This week we have been learning the days of the week. Can you make your own calendar at home with the activities you do each day of the week?

Nursery rhyme of the week Humpty Dumpty

Nursery, please return your Nursery Rhyme Book each Wednesday, so we can add this week's nursery rhyme.
