

What have we been learning?

WB: 20.05.24

This week, Reception have been learning to take away by finding out how many they have left. The focus was on decreasing the quantity by a given amount, while counting within 10.

In PE, nursery and reception have been learning to problem solve. Each child was given a card with a different symbol, they then had to match it to the correct poster. The next day, we continued with the same activity, but they then had to hop, skip, jump or crawl to their poster.

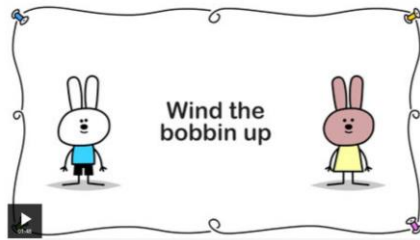

How can you help your child with their learning?

Maths Home learning- Nursery

Set up five objects on the floor, use a small ball to knock down the objects, then count the total of objects still standing. Ask your child 'how many are left?'
