

What have we been learning?

WB: 21.10.24

As we wrap up a wonderful first term, we want to take a moment to celebrate how well our nursery and reception children have settled in! Their enthusiasm and curiosity have truly shone through, and we're grateful to all the parents for your continued support in this journey. Recently, our young learners showcased their creativity during our poetry assembly, where they proudly performed "Twinkle Twinkle Little Star" and "Humpty Dumpty." They even crafted their own delightful headbands to wear during the performance, adding a personal touch to the celebration!

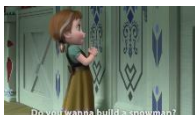

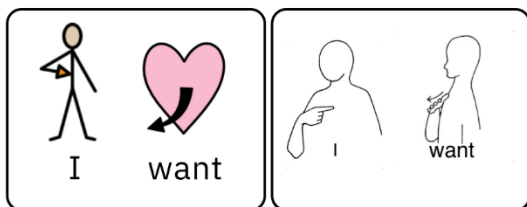

In math this week, our little mathematicians have been exploring the world of shapes and patterns. They've been busy creating repeating patterns and sorting different shapes, laying a strong foundation for their mathematical understanding.

Thank you for being such an integral part of our community. We look forward to more exciting adventures in the coming term!

Watch this space for our new Core Word Curriculum designed to enhance your child's understanding of essential phrases like "I want." Each week, we'll focus on a different core word, complete with a Makaton sign and a fun video to showcase its use.

We are learning

[Do You Want to Build a Snowman? \(From "Frozen"/Sing-Along\)](#)

Weekly nursery rhymes

Take the time over the half term to explore a range of nursery rhymes!
