

What have we been learning?

WB: 02.06.25

This week, our young learners have been exploring the journey of rubbish! We've been discovering what happens after we put things in the bin, and learning all about *recycling* — what it means and why it's so important for taking care of our planet. We've also had fun thinking of creative ways to *reuse* everyday items, showing how small changes can make a big difference in reducing waste. We're proud of how curious and thoughtful the children have been as they begin to understand how they can help protect the wonderful world God created.

This week in maths, we've been busy exploring *doubling* numbers up to 10! The children have learned that doubling means adding the same number to itself and then counting the new total. We've had lots of fun using objects, games, and songs to help us understand this concept. Some of our superstars can even *recall number facts* like $1+1=2$, $2+2=4$, and $3+3=6$! It's been fantastic to see their confidence and number knowledge growing each day.

Key dates for the diary:

10th June 2025- **Camden Kids Talk Stay and Play**

11th June 2025- **Sports Day 9:15am**

17th June 2025- **Camden Kids Talk Stay and Play**

18th June 2025- **Reception Class visit and parent induction (AM and PM)**

24th June 2025- **Camden Kids Talk Stay and Play**

Nursery rhyme of the week
