

## What have we been learning?

WB: 16.06.25

We're diving into the world of teen numbers! This week, children are learning to build and understand numbers beyond 10—specifically 14 to 20. Using Numicon shapes in a fun, hands-on activity, learners combine pieces, count the total number of holes, and match them to the correct numerals. This interactive approach helps deepen their number sense and gives them a strong foundation for future math learning.

### Reception Induction – Thank You & Follow-Up Notice

A big thank you to all the parents and carers who attended our Reception Induction Meeting – we really appreciate you taking the time to join us and learn more about your child's transition to Reception.

As attendance was lower than expected, we'd like to encourage **all Reception parents** to attend the **Nursery Induction** on **Monday 23rd June 2025 at 5pm**. This session will include key information about the Early Years environment, routines, and how you can support your child during this exciting transition.

We look forward to seeing you there and working together to ensure a smooth and happy start to school life for your child. Thank you for your continued support!

This term, it's **EYFS's turn to support our local food bank**. We'd love your help in teaching the children about kindness and community by collecting food donations for those in need.

You'll find the **wicker basket just outside the classroom door**—feel free to drop off your donations there at drop-off or pick-up times.

Here are some suggested items you can bring:

- Tinned fruit and vegetables
- Pasta and rice
- Cereal and porridge oats
- Tinned beans, soup, and tomatoes
- Long-life milk or juice
- Tea bags and coffee

# Camden Kids Talk

Stay and play sessions 08:45-09:45am **Tuesday 24th June 2025- Final session**

## The Magic of Imaginative Play through Stories

This week's *Stay and Play* focused on the importance of imaginative play, using storytelling as a springboard for creativity. Our theme was **Transport**, with activities inspired by the delightful core text *Rosie's Walk*. Children explored storytelling through hands-on, open-ended play designed to spark imagination and build early literacy.

🎭 Puppet Making Stations 🎨 Pattern Play 🚗 Rosie's Walk Small World 🦊 Fox Hide & Seek

🚗 Transport Topic Area 🍷 Flour Malleable Play

### Take-Home Learning

Children will take home their puppets along with a copy of our new topic vocabulary to display at home. These tools encourage continued storytelling, language development, and shared play with family—extending learning beyond the classroom.

**Journey Vocabulary**

Explore	Travel	Destination
Trip	Arrive	Route

**Positional Language**

under	around
into	over
behind	through

In our topic we are learning to use these words. Help me to learn these at home by using every day!

---

**Stay, Play & Learn Home learning.**

re-tell a story

Take home your puppets home to re-tell the story of *Rosie's Walk*

At home practice re-telling the story

What is the Rosie doing? Where is the fox?

Retell the story using the words below:
