

What have we been learning?

WB: 24.11.25

The children have been writing their own invitations and creating lists of everything we might need including balloons, banners, cake, and candles. We also baked a delicious cupcake together, made colourful party hats, and enjoyed lots of fun party games such as musical chairs and musical statues. It's been a wonderful week full of creativity, teamwork, and celebration!

Pat-A-Cake Pat-A-Cake

Song by The Countdown Kids - 1905

This week we explored **Top Tip 6: "Screens away — it's time to play!"** Families took part in a range of fun activities designed to encourage screen-free time together over the holiday period.

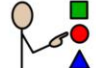

We also discussed simple but powerful ways to interact with your child during play, including:

Making eye contact and getting down to their level. Offering choices to support independence. Modelling and teaching new words to build language skills

Thank you to everyone who joined us — we look forward to seeing you at the next session!

1) The importance of getting eye contact, being on our child's level when playing together

2) How we can empower children by giving choices.

3) How children learn new words by hearing us say the word.
