

## What have we been learning?

WB: 20.04.26

This week, we are learning to build and represent numbers from 10 to 13 using practical resources to deepen understanding. We are also practising counting forwards to 13 and strengthening our confidence with number sequences beyond 10 through counting, building, and ordering activities.

This week in our art lesson, the children explored the work of Henry Matisse, focusing on *The Snail*, which links beautifully to our core text *Snail Trail*. They carefully trimmed and chose different coloured paper to create their own versions of the snail. It has been wonderful to see their unique creations come to life.

### Poetry Assembly

We are so proud of our Nursery and Reception children for their wonderful performance in our poetry assembly. They confidently performed *Incey Wincey Spider* and *Wind the Bobbin Up* with great enthusiasm. Performing helps to develop their oracy skills and build confidence when speaking in front of others. Please continue to sing this week's nursery rhymes together at home!
