

What have we been learning?

WB: 27.04.26

This week in EYFS, we have been busy bees! The children have been exploring non-fiction texts to find interesting facts about bees and using their learning to create informative posters. We have also been creating artwork inspired by the hive and learning about the important roles of the queen, worker, and drone bees.

The children enjoyed drawing their own bees to add to our class hive display and have had lots of fun making their own bumblebees too. To bring our learning to life, we tasted crackers with a texture like a honeycomb and enjoyed some delicious honey made by bees.

It has been a wonderfully creative and hands-on week of learning!

A gentle reminder to all parents that jewellery and sunglasses are not part of our school uniform. These items can easily get lost or broken in school, which can be upsetting for children.

As the weather gets warmer, please remember that if your child would like some shade during outdoor learning, they are welcome to bring a cap.

Nursery: There's a tiny caterpillar on a leaf
