

What have we been learning? WB 05.10.26

This term, we have been learning how to draw our very own self-portraits. We began by exploring how lines and shapes can be used to create different features, before experimenting with mixing colours. We then drew an oval, mixed colours to create our own individual skin tones, and added details such as eyes, noses, mouths and hair. We have loved developing our drawing skills and creating unique self-portraits that celebrate what makes each of us special!

Phonics

Reception have started their Read Write Inc. phonics lessons, learning a new sound each day, reading short words such as *bed*, *pen* and *leg*, and practising writing the daily sound. **Phonics starts at 9am**, so please ensure your child arrives on time to avoid missing this important learning.

Sounds of the week:
