## Why not visit the pharmacy instead of waiting for a doctor appointment?

Pharmacy teams can help you look after your own and your family's health without having to go to the GP all the time. Some pharmacies also run a minor ailment scheme for common health problems like aches and pains, skin conditions and stomach upsets. If your pharmacy runs a minor ailment scheme, the pharmacist will be able to assess your needs, give you advice, suggest medicines if appropriate, and refer you to a GP if necessary.

When pharmacies provide medicines as part of a minor ailment scheme, you get the medicines on the NHS. If you normally pay a prescription charge, this charge will apply here. If you're exempt from prescription charges – if you're under 16 or over 60, for example, or if you have a prescription pre-payment certificate (PPC) – you won't pay for the medicine.

## 3 x £25 One4All Gift Cards must be won!

If your child's attendance shows improvement by the beginning of July then you could be in with a chance of winning a prize.

The names of children with the most improved attendance will go into a special prize draw: three names will be pulled out of the hat at a special assembly and three pupils will win.

There will also be a prize draw for those children with excellent attendance.

**Don't miss out! Be in school to win it!**
